

# INTERACTING WITH YOUR COACH

## **One-on-One Coaching**

Once you launch and are leading your group, your training and support does not end! In addition to the various training events throughout the year, each of our Life Group Leaders are also partnered with a Group Coach to serve as your encourager, prayer warrior, leadership developer, and 'go-to' answer resource.

Each Coach/Leader relationship is different and will vary depending upon the individual needs of each group leader. A Coach may use a phone call, email, invitation to personally connect over coffee, and/or a visit to your Life Group to stay in touch. Below are just a few examples of situations where your Coach can help you:

### **Group Related:**

- Choosing a special study for your group (based on your group's specific needs).
- Assisting with unresolved conflicts within the group.
- Help in identifying and recruiting new help from your group.
- Help in including new Life Group members and/or removal of members who aren't a great fit for your group.

### **Group Member Related:**

- You may need help in handling an EGR group member. (Extra Grace Required)
- Assistance when a member is experiencing a medical, financial or other significant crisis.
- Marriage or other type of counseling referral has been requested\*

### **Ongoing Communication:**

This ongoing communication between you as a leader and your Life Group Coach will help your coach know your group's attendance, sharable prayer requests, and stories of how God is moving within your group.

\*While Reality Church does not provide ongoing counseling, we have relationships with several Christian Counselors in the area and can make recommendations based on type of need. Additionally, in crisis situations, our 'Pastor on Call' and 'Prayer Request' lines are available 24/7 through the Church's main number 402-537-0419.
